

GBA452ALU

Lid Alu GBA, anodised

Technical properties

Configuration

Antibacterial treatment	No
Tamperproof fixing	No

Connectivity

Trunking coupling	without coupler
-------------------	-----------------

Dimensions

Length	2000 mm
--------	---------

Cover, door

Lid mounting	Internal
Lid with softlip	No
Lid width	45 mm
Cover attachment	Snapped on

Materials

Colour	aluminium
Material	Aluminium
Material group	aluminium
Type of surface treatment	Anodised

Standards

Approvals	EN50085-2-1
European directive RoHs	voluntary compliance

Safety

REACH conform	Yes
RoHS conform	Yes
Halogen free	Yes

Use conditions

Operating temperature	-5...90 °C
-----------------------	------------
